### **Workshop Description:**

This workshop is designed for citizens throughout Oregon with responsibilities related to traffic and highway safety. The workshop will be of value to elected officials, city councilors, traffic safety committee members, concerned citizens, county commissioners, county road supervisors, street superintendents, engineers, technicians, maintenance personnel and police. The presentation offers new ideas, introduces latest developments, and is an opportunity for decisions makers, local road officials and concerned citizens to exchange up-to-date information. Common road hazards are reviewed along with practical ways to improve road safety.

### **Information on Dr. Takallou:**

Dr. Takallou received a B.S. degree from California State University at Fresno, and M.S. and Ph.D. degrees in Civil Engineering with a major emphasis on transportation and traffic engineering from Oregon State University.
